

**ECO Sustain and IPEC 2026 Exhibition & Conference on Solid Waste Management, Bio Energy, Effluent Treatment, Air Pollution and Recycling.**

**Venue: HITEX Exhibition Centre, Hyderabad**

**Dates: 30th July- 31st July 2025 (Conference) | 30th July-1st August 2025 (Exhibition)**

**Timing: 11:00 AM to 5:30 PM (Conference)**

**“Driving Industrial Sustainability through Circular Processes and Green Technologies”**

**Application Instructions**

**Please Read Carefully Before You Proceed to Fill the Application**

**Eligibility Requirement: -**

Applicants must ensure that their startup operates **within the scope of industrial sustainability**. Applications that fall outside this focus area will not be considered.

**Application & Processing Fee: -**

- A non-refundable application and processing fee of 5,000/- is required to confirm participation in the Startup Pitch Battle.
- Payments must be completed through the official conference online registration portal.
- For invoice requests or bank transfer assistance, please contact:  
**conference@ecosustainexpo.in | contact@confcoll.com**

**In Case of Non-Selection of your Application: -**

The evaluation process involves significant time, expertise, and resources from the organizing team and expert panel. As such, the application and processing fee is **non-refundable**.

However, startups whose applications are not selected will receive:

- 2 Complimentary listener passes to the **Eco Sustain Conference and IPEC Conference2026**
- Entry as an audience member to the Startup Pitch Battle session
- Opportunities to learn from peer startups, founder journeys, and investor insights
- Access to networking with participating founders, speakers, and ecosystem stakeholders

This ensures continued value, learning, and engagement for all applicants.

**Application Submission: -**

Applicants may submit either a completed application form or pitch deck via email to:

- conference@ecosustainexpo.in
- contact@confcoll.com

Only submissions sent through the official email channels will be accepted.

**ECO Sustain and IPEC 2026 Exhibition & Conference on Solid Waste Management, Bio Energy, Effluent Treatment, Air Pollution and Recycling.**

**Startup Pitch Battle Application form**

**\*\*Mandatory Questions to be answered\*\***

**Overview/Vision:**

- What is your company’s big concept or vision?
- What stage of development is your company (e.g. Seed, Series A, etc)

**Problem:**

- What is the broader problem and specific problem that you are aiming to solve?

**Market:**

- What is the market are you targeting?
- What are the drivers or challenges in the market?

**Product:**

- How does your technology solve this problem?
- What actual value do you provide to the end user or other stakeholders in the ecosystem?
- Why is this unique?
- If you are developing a product or technology, what stage is this at (e.g. MVP, beta release, pilot, etc)?
- Have you validated your solution with end users?
- What market validation has been conducted on your idea to validate the commercial viability of your business?

**Business Model:**

- What sets you apart from the competition?
- Why do you have a scalable business, and how large is your addressable target market?
- How are you reaching your target market?
- What is your business model (e.g. subscription, commodity-trading, SaaS, product sales, etc) and what streams of revenue do you have?

**ECO Sustain and IPEC 2026 Exhibition & Conference on Solid Waste Management, Bio Energy, Effluent Treatment, Air Pollution and Recycling.**

**Venue: HITEX Exhibition Centre, Hyderabad**

**Dates: 30th July- 31st July 2025 (Conference) | 30th July-1st August 2025 (Exhibition)**

**Timing: 11:00 AM to 5:30 PM (Conference)**

**“Driving Industrial Sustainability through Circular Processes and Green Technologies”**

**Founders:**

- Who are the founders and what is their background, including education and experience in this area or with this problem?
- Who are other key team members?
- What is the most challenging aspect you've encountered to date, and how did you overcome this?

**Financials:**

- Are you making any revenue?
- Have you raised any funding to date? If so, how much?
- How much money are you looking to raise?

**Other Details:**

- Your Startup's Website/Page
- Your LinkedIn Profile Link
- What is your Region Of Operation?

**A link to the video must be available for judges.**

Please upload a “3” mins of presentation video to Google Drive, or You Tube, or Vimeo, and apply appropriate sharing approvals to view. Include this link in the application.
